

English

In English we will read and write about the following texts: I Will Not Ever Never Eat a Tomato by Lauren Child, Oliver's Vegetables by Vivien French and Traction Man and the Beach Odyssey by Mini Grey.

We will learn about the features of non-fiction texts, and use this to write about Food around the World.

We will also learn how to write instructions when making a healthy sandwich.

In our grammar lessons Year One will be learning the spelling rules for using double consonants, revising ed/ing, rules for changing to i and doubling consonants.

Maths

In Maths Year One will continue to count in twos, fives and tens. We will learn about fractions and find a half and a quarter of an object, shape or quantity. We will explore money and recognise and know the value of different denominations of coins and notes. We will use addition, subtraction, multiplication and division to solve problems.

Foundation Stage will be focusing on calculating using numbers to 20, we will add and subtract a single digit number to/from a two digit number. We will continue to use the part, part whole model and bar model to solve problems.

Science

This term we will be investigating squashing, bending, twisting and stretching. We will learn how the shapes of solid objects made from some materials can be changed by squashing, bending, twisting and stretching.

History and Geography

We will learn about different foods around the world and learn some Spanish vocabulary linked to our topic about food.

We will find British seaside resorts on a map of the British Isles and discuss their features.

Green Room Summer 2017

Glorious Food

(This is the children's choice of topic) and

Splash!

(This is our whole school Transition topic)

D.T. and Art

In Art we will be exploring line, shape, space and form, we will be making observational drawings and learning about the work of the famous artist Guiseppe Arcimboldo.

In DT children will learn how to use the basic principles of a healthy and varied diet to prepare dishes.

We will also learn about where food comes from.

P.E.

This term we will be doing athletics in PE. Please send some outdoor trainers in to school. We will be travelling in different ways to encourage whole body involvement, we will take part in pulse-raising running and avoiding games. We will develop spatial awareness and control when moving and learn about running, jumping and throwing styles.

Ball Skills will be on Wednesdays. PE has moved to Fridays.

P.S.H.E./R.E.

In PSHE we will be learning about Living in the Wider World.

We will also be learning about staying safe and healthy.

In R.E. we will be learning about Hindu and Christian stories and how and why some stories are important in religion.

What can we learn from them and the Hindu scriptures?

I.C.T/Knowledge and Understanding the World

In computing the children will continue to learn about algorithms and how they are implemented as programs on digital devices. They will also recognise common uses of information technology beyond school.
