

Maths

In Maths **Year Two** will continue to develop their fluency with numbers, mentally solving calculations using known number facts. We will be exploring multiplication and division and how these facts are linked. We will be measuring length, mass and temperature – recognising the units used and reading scales.

We will be naming and describing 2D and 3D shapes.

We will also be exploring fractions and working out a fraction of a number or shape.

Year One will be practising adding and subtracting using calculations and reasoning problems. We will improve our number knowledge and fluency including writing numbers as words. We will work with money and practise measuring accurately, solving practical problems involving length and height.

RE & PSHE

In PSHE lessons, we will be exploring how to be a good friend and also the importance of exercise and dental hygiene.

In RE we are listening to a range of religious stories and discovering what makes some people inspiring to others.

P.E

In P.E this term, we will be focussing on Gymnastics, learning how to perform different types of rolls and using the gym apparatus safely and imaginatively.

Science

We will be developing our scientific skills by carrying out simple investigations. We will be observing changes across the seasons. We will also be observing and describing the weather.

We will continue to observe our class tree as part of our 'Tree Study' In the second half of the term, we will be exploring materials and carrying out investigations to test their properties.

Topic Letter
Spring 2019

Indigo/Red/Violet

Ball Skills

Wednesday (all classes)

PE

Red – Tuesday

Indigo – Tuesday

Violet - Friday

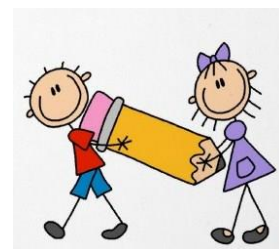

Music

In Music, we will be singing songs linked to Traditional tales. We will also be playing and composing using tuned instruments.

English

In English we will explore both fiction and non-fiction texts linked to our topic. During our weekly 'Authors Club' we will be producing longer pieces of writing in a range of styles. We will continue to develop our phonic skills through daily phonic lessons as well as weekly guided reading sessions. In our grammar lessons, we will be exploring a range of suffixes and prefixes and learning how to write different types of sentences using the correct punctuation.

Computing

We will be using the computers to develop our coding skills – knowing how to write simple algorithms and debug them if they don't work.

During Internet Safety week, we will be finding out how to stay safe whilst working online and the importance of passwords. We will learn who to speak to if we see something online that we are unsure of.

Art & Design Technology

In Art we will be experimenting with different media to create artwork linked to our topics. In Design technology we will be designing and creating stage sets for a Pantomime
