

Primary Physical Education Sport Premium Grant

Amount of Grant received:

November 2013	– £5309
	– plus membership of the Newark & Sherwood Sports Partnership
May 2014	– £3386
November 2014	– £5069

How the Grant has been spent:

The Grant has been spent in a number of different ways to enhance physical education and activity across the school.

- We joined the Newark & Sherwood School Sports Partnership enabling us to take part in organised sporting events with other schools, such as tennis, dance and handball festivals.
- In response to a staff questionnaire we purchased new dance resources.
- We employed a specialist dance teacher to work with staff and children in KS1 for the Autumn Term.
- We have improved our playtime provision. We used some of the money to provide a rubberised surface around the tyre park so it can be used all year round.
- We purchased new playground toys to use in the 'Toyzone' and school council requested new soft footballs
- We bought a number of bikes, some of which are tandem bikes and the children have access to these when playing in the Foundation Courtyard
- We purchased new and exciting resources to support and improve the 'Funfit' sessions.

Impact:

- Children benefited from taking part in competitive sporting events with other schools.
- Children have learned new sports, e.g. Handball
- Dance lessons improved as teachers were more confident & had the resources to do more creative activities
- The KS1 Christmas concert showcased the children's improved dance skills
- Increased fitness and activity levels at playtime
- Increased physical activity & more co-operation on Foundation Courtyard
- A wider range of activities provided in 'Funfit' which improves the children's gross motor skills and co-ordination

Future spending:

- Handball sessions with a coach for KS1 children, leading to participation in a 'Primary Handball Festival' (January 2015)
- INSET training for staff with Gymnastics Coach (February 2015)
- Lunchtime Sports Club for children who are entitled to Pupil Premium & Pupil Premium Plus Grants (Summer Term 2015)
- 'Funfit' training for TAs (date to be confirmed)
