

Maths

Continuing our work following the 'Inspire' Maths scheme we will be exploring fractions, 2D and 3D shapes and money. In our number work we will be consolidating our knowledge of place value to add and subtract vertically by regrouping. We will explore multiplication by 2, 3, 4, 5 & 10 and the linked division facts. In our mental maths work we will be improving our fluency of recalling number bonds. Our reasoning skills will be developed through solving word problems.

Science

We will be developing our scientific skills by investigating the best materials for waterproofing and insulating. We will be learning all about light and dark through shadow puppets and nocturnal animals. We will explore seasonal changes and how different weather affects us. We will record the weather over a period of time using a range of apparatus.

English

In English we will explore both fiction and non-fiction texts linked to our topic including 'The Owl who was afraid of the Dark'. During our weekly 'Authors club' we will be producing longer pieces of writing in a range of styles. We will continue to develop our phonic skills through daily phonic lessons as well as weekly guided reading sessions. In our grammar lessons we will be exploring a range of suffixes and prefixes and learning how to write different types of sentences using the correct punctuation.

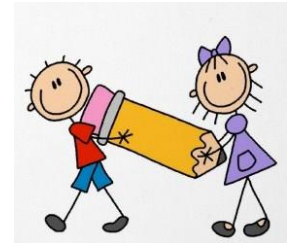

R.E & PSHE

This term we will be exploring our emotions - how our emotions make us feel, and how this can affect others. We will be looking at the story of Joseph and his technicolour dream coat as well as exploring the meaning and symbolism of Easter.

Changing Colours & Weather

Spring 2017

Red, Violet & Indigo Room

P.E

In P.E this term we will be focussing on Gymnastics. Learning how to perform different types of rolls and using the gym apparatus safely and imaginatively.

Computing

In computing we will learn how to make different shapes to create pictures, changing styles and colours. We will learn how to save, retrieve and print our work. We will learn how to take photographs using the ipads, framing an image correctly.

Geography

In our Geography work we will compare and contrast hot and cold places in the world - looking at homes, clothing and lifestyles. We will look at extremes of weather and the effect these have on communities.

Music

In music we will listen to a range of different styles of music and select and play the instruments to create our own accompaniment to 'The snowman'. We will continue to learn and perform new songs.

Art & Design Technology

Through our topic of Changing colours we will learn all about how to mix colours correctly starting with the primary colours. We will create black and white images and explore the work of Picasso.
