

English/Literacy

In English we will read and write about the following texts: On the Way Home, Mrs Armitage on Wheels, The Naughty Bus, Way Back Home. We learn about the features of non-fiction texts, and use this to write about George Stephenson, The Wright Brothers and Amelia Earhart. In our grammar lessons Year One children will be learning how to use capital letters for days of the week. We will be using the prefixes and suffixes, un, er, es and est.

Maths

In Maths we will be practicing counting in twos, fives and tens. We will learn about multiplication by exploring repeated addition. We will explore division as sharing into equal groups. We will explore time, money and fractions. We will learn how numbers to 100 can be represented as tens and ones.

F2 children will add and subtract numbers to 20. We will explore halving, doubling and sharing. We will also explore time and money. We will solve word problems.

Science/Knowledge and Understanding the World

This term we will be learning how to plan for and test an idea, we will predict and make suggestions to answer questions. We will gather and record data to help us answer questions. We will sort and classify objects.

History and

Geography/Knowledge and Understanding the World

We will learn about Famous People from history; George Stephenson, The Wright brothers and Amelia Earhart. We learn about the history of transport and make timelines describing changes in technology. We will compare everyday life and transport now and in the past.

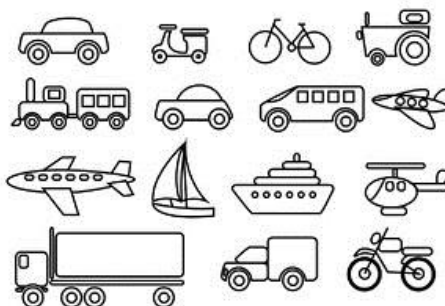

We will compare where we live with other places around the world, we will look at transport around the world. We will use maps and globes to find places around the world

Transport

D.T. and Art/Expressive Arts

In Art we will be exploring line, shape, space and form, we will be making observational drawings and using a range of media to make different marks.

In DT children will be making a car. We will learn how to make moving parts and mechanisms, including axels. We will select appropriate materials, tools and techniques for making models. We will also plan, develop and evaluate these designs.

P.E.

We will play team and ball games. We will learn how to work in a team, we will develop simple tactics for attacking and defending. We will play games which develop coordination, balance and agility.

Muddy Explorers (F2 only) will be on Tuesdays
Ball Skills will be on Wednesdays.
PE will be on Thursdays

P.S.H.E.

In PSHE we will be learning about friends and friendships. We will learn about the importance of making friends and the qualities a good friend should have. We will learn how to develop positive relationships through work and play.

We will also be learning about staying safe and healthy.

I.C.T. /Knowledge and Understanding the World

In computing the Year One children will continue to learn about algorithms and how they are implemented as programs on digital devices. They will also learn how to create and debug simple programs.

The F2 children will explore simple games and paint programmes. They will use laptops to write simple messages. The children will also be taught about the importance of internet safety and keeping personal information private.
